NOW, THAT'S
A GREAT DEAL!**

Senior Community Service Employment Program (SCSEP)

Become a SCSEP Host Agency and expand your organization's capacity and impact at no cost!

We partner with nonprofits and government agencies to place qualified, motivated older adults in on-the-job training roles. By hosting these dedicated workers, you empower them toward self-sufficiency while gaining the support you need to thrive.

Together, we strengthen programs, advance service goals, and build more resilient communities.

Ready to make a difference? Contact us to learn how to become a Host Agency today!

CWI Works's Senior Community Service Employment Program (SCSEP) is funded by a \$46.8 million grant from the U.S. Department of Labor. This funding provides 90% of SCSEP's support; we, along with our SCSEP network, provide the remaining 10% through a nonfederal match of \$4.7 million.
